

DISCOVER AMATEUR RADIO SEMINAR

DID YOU KNOW THAT...?

Amateur radio provides communications for:

- Steveston Salmon Festival Canada Day Parade
- New Westminster Hyack International Parade
- The Vancouver Sun Run
- Vancouver Celebration of Light
- Richmond Terry Fox Run

Amateur radio equipment is located in all City of Richmond community centres to provide emergency communications when required to do so.

Amateur radio was used by students at H.J. Cambie Secondary to contact the International Space Station in 2014.

Your **Amateur radio** call sign, obtained after passing the qualification exam, is registered with Government of Canada, recognized internationally, and can be used as an official vehicle licence plate (not a vanity plate).
